Months	Everyone recruits 1 a month	Everyone recruits 2 a month
1	2	3
2	4	9
3	8	27
4	16	81
5	32	243
6	64	729
7	128	2,187
8	256	6,561
9	512	19,683
10	1,024	59,049
11	2,048	177,147
12	4,096	531,441

- As you can see, each person on your team recruiting just one new person a month can add up to 4,096 people in just one year!!!!
- However, if everyone agreed to recruit just one more each month, you would have over a ½ million people on your team!!!
- Just by going from 1 to 2 recruits a month! That truly demonstrates the Power of One More Recruit.
